## Climate Change In My Community (Bristol Bay)

This survey is part of a climate change health impact assessment by ANTHC, BBNA and BBAHC. It is funded by a USF&W Landscape Conservation Cooperative grant. We hope to learn more about any climate change impacts you are experiencing in your community. With your help we can take an important step forward in addressing problems and realizing benefits from climate change. The survey will probably take you about 20 minutes and we are accepting surveys through February 20, 2012. Please note you will need to answer all "mandatory" questions, for the survey to properly close. We will compile the results and share them with you. Call Mike Brubaker at 729-2464 or Sue Flensburg at 842-6241 if you have any questions.
